

Hi Mrs. Self!

I am very excited about spending so much time with you and your students! I know that the next six weeks that I am placed in your classroom will be a wonderful experience! I am writing this letter to let you know a little bit about myself. First of all, I LOVE children, especially the little ones! I was ecstatic when I found out that my first field placement was going to be spent in Kindergarten. I love watching children learn, and the way that they look up to you when you teach them new things. I also love their since of humor in life, and simply their company.

I have been around children a lot, because I have been babysitting since I was sixteen years old. The two children that I currently babysit for are in third and fourth grade. Their mom always gets me to help them with their schoolwork, which is great practice for teaching. Besides the love I have for children, I enjoy being around family. My parents live in Oakwood, along with my younger sister Abbie, and our dog Lucy. I have always looked forward to holidays that allow me to see family that I only see a few times a year. I have thoroughly enjoyed my time at North Georgia so far, and I am looking forward to the next two years. Along with the Education Program, I am also very involved in my sorority, Phi Mu.

In the next six weeks that I am placed in your class, I want to help you as much as I can with assisting you in the classroom. I can't wait to learn many new things from watching you teach, and from being around the students. Thank you so much for allowing me to come into your classroom!

Sincerely,

Haley Dover
